

#Strongertogether - "eKidz for kids in need"

The Russian army's horrific and barbaric attack on Ukraine is especially close to the hearts of our team. Several team members live in, or are originally from Ukraine, including the CEO Nataliya Tetryeva.

The world is facing a new humanitarian crisis which resonates with memories of WWII. Tragically, children are most vulnerable in such a crisis. Physically, mentally and emotionally.

As citizens of the world, at eKidz.eu we understand the critical importance of integrating children into their temporary new homes and providing them with a safe environment. And the first step to integrating is to master the language of the hosting country.

To facilitate this, eKidz.eu is offering each refugee family a free subscription to eKidz app with full access to the content in three languages: English, German and Spanish - to make it easier for the children to integrate and learn in their new homes.

Register and get your FREE access to languages!
